

Hygensea
SOLUTIONS

Patented and FDA approved technology for different
types of yachts

Our Solution

Seamless solution that integrates our technical and operational expertise to deliver real results.

- ✓ HVAC Expertise
- ✓ Maritime Operations Experience both ship-side and shore-side
- ✓ Technical Expertise
- ✓ Project Management & Installation Skills
- ✓ Training & on- going maintenance
- ✓ Patented Odorox® Technology

Purifies the air while removing pathogens; destroys active mold; and reduces odors.

How Our Solution Works

HygenseaTM
SOLUTIONS

Integrate into the current Air Conditioning System -
"piggy-back" without requiring increase in air flow

Introduces hydroxyls into atmosphere

- ✓ Reduces contaminants
 - ✓ Reduces pathogens and viruses
 - ✓ Removes Odors
 - ✓ Destroys active Molds
 - ✓ Destroys bacteria
-

24 x 7 Continuous cleaning and sanitization of
ship board environment

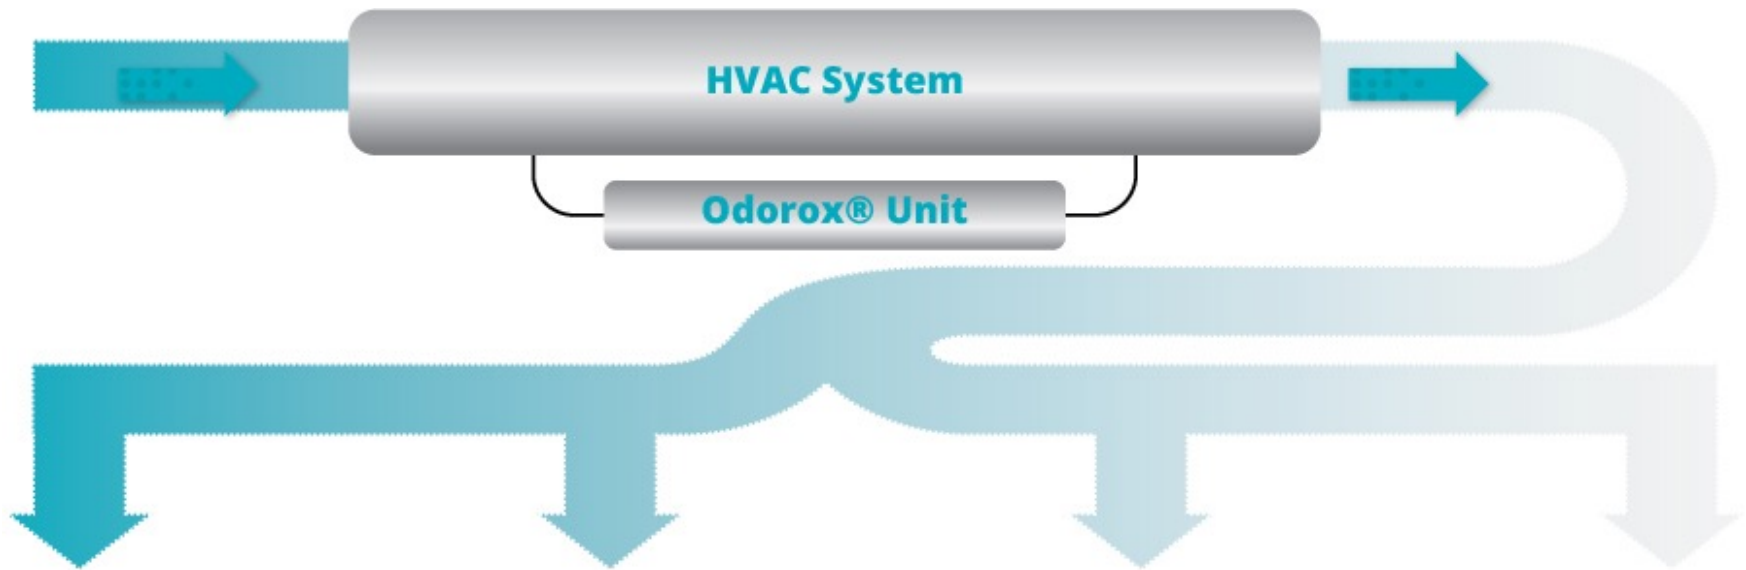

Continually monitors levels of hydroxyls in the air and
adjust output to ensure the optimal level
